

## End of an Era of Pie Making

On behalf of the Millbrook Cavan UCW, we offer a bitter-sweet *THANK YOU* to the many, who so eagerly contributed supplies and time over the years for our Church Pies.

We think that it is almost fifty years since a few women from the St Andrews Church starting making pies in their kitchen as a fund raiser, which grew to the St Andrews Church Basement. Then when we sold the Churches, Cavan joined us and we moved to the Lions Den. Pie making, was a financial support and an important bonding portion of our Church Congregation. Even though it was hard work it was also pleasant to meet as a Church family once a month to catch up on who was ill or needed help. or just to tell jokes and have fun.

The UCW voted in February to discontinue making the pies in June of this year but Corona virus put a stop to our March production before we could finish our desire date of completion. So it has been decided, due to the Corona Virus shut down of gatherings, we are forced to stop now and call it a early day.

Many thanks again for your support of our Churches.

Good Health and happiness to you and your family

Craig and Jane Allison
